REPORT

Date Sept. 20, 1935.

Subject Information requested by the Japanese Consular Police re Frank
Geiringr, Austrian.

Made by D.S. Lingard

Forwarded by D. S. I. Lingard

As the result of enquiries it has been ascertained
that Frank Geiringr is a man of very good character.
Geiringr has had considerable experience in hotel management
in Europe apart from what he has had in China, and he is
considered by those who know him to be a very competent and
keen individual. His local references include Messrs Milling-
tons, and the Manager of the Hongkong Shanghai Hotels, Shanghai,
and it is quite evident that the individual concerned is trying
to make an honest living in the hotel business.

The local Japanese Consular Police request that they be furnished with information concerning the character of an Austrian named Frank Geiringr, age 26, residing at the Paramount Hotel, 218 Yu Yuen Road. This individual came to Shanghai in 1933. The information is wanted by the Consular Authorities because Geiringr recently applied for the issue of a pass authorising him to travel free by train in Japan where he intends to make a tour of inspection and study Japanese hotel accommodation and conditions.
